

**FOOD ALLERGEN / INTOLERANCE INFORMATION**

Bartek Ingredients Inc. Food Grade DL-Malic and Fumaric Acids are manufactured at the Stoney Creek, Ontario facility. This facility operates under ISO 9001:2008, Good Manufacturing Practices, and has HACCP accreditation. Bartek Ingredients Inc. Food Grade DL-Malic and Fumaric Acids, and the ingredients used to manufacture them, do not contain in part or in full any of the common allergens, foods which may be classed as intolerances, or foods of dietary interest that are listed below. Further, the items listed below are not used anywhere in the manufacturing or storage areas of our plant, and therefore there is no known risk of cross-contamination to our products.

Abalone	Crustacea	Melon	Shea nuts
Acacia gum	Curds	Miso	Shellfish and shellfish derivatives
Acorns	Dextrose	Monosodium glutamate	Shrimp
Additives	Dry milk	Milk and milk derivatives, including lactose	Slaughterhouse products
Albumin	Durum flour	Milk protein (bovine)	Sodium Metabisulfite
Alcohol	Eggs and egg derivatives	Mollusks	Sorbic acid
Almonds	Filberts	Mushrooms	Soya and Soya derivatives
Anchovies	Fish and fish derivatives	Mussels	Soybean oil
Antioxidants	Flavours	Mustard and derivatives	Soybean protein
Animal fat	Fructose	Natural colours	Soy lecithin
Animal products/by-products	Fruits and derivatives	Natural flavourings	Soy lecithin
Apple	Garlic	Non-vegan compounds	Spelt
Arabic gum	Gelatine	Non-vegetarian compounds	Spray shortening
Artificial colours	Gene technology and derivatives	Nucleotides	Squid
Artificial flavourings	Genetically Modified Protein / DNA	Nut oils	Starch
Artificial preservatives	Globulin	Nuts and nut derivatives	Sugar
Aspartame	Glucose	Oats and derivatives	Sunset Yellow
Azo dyes	Glutamines	Orange	Sulphites
Banana	Gluten	Ovumucin	Sulphur dioxide
Barley and derivatives	Graham flour	Ovumucold	Sunflower seed
Beef products/by-products	Grains	Oysters	Surimi
Benzoate	Ground nuts	Peach	Tartrazine
Benzoic acid	Gums	Peanut butter	Tempeh
BHA/BHT	Haraya gum	Peanut flour	Tofu
Brazil nuts	Hazelnuts	Peanut oil	Tomato
Buckwheat	Honey	Peanuts and peanut derivatives	Tragacanth
Butter	HVP	Pecans	Trans-fats
Caffeine	Hydrolysed plant protein	Pine Nuts	Tree Nuts
Calamari	Hydrolysed vegetable protein	Pistachios	Triticale
Carmine	Kamut	Polyols	Umbelliferae
Carob	Kiwi	Poppy seeds	Vanillin/Vanilla
Carrot and derivatives	Lactalbumin	Pork product/by-products	Vegetable and derivatives
Casein	Lactate solids	Potato and derivatives	Vegetable gums
Caseinate	Lactose	Powdered eggs	Vegetable margarine
Cashews	Lamb/mutton products/by-products	Preservatives	Vegetable oil
Celery and derivatives	Lecithin	Proteins from cow milk	Vegetable shortening
Cheese	Legumes	Pulses	Vegetable spread
Chestnuts	Livetin	Queensland nut	Vitellin
Chicken products/by-products	Lobster	Rapeseed and derivatives	Walnuts
Cinnamon	Locust Bean	Royal Jelly	Whey
Clams	Lupin and derivatives	Rye and Rye derivatives	Wheat and wheat derivatives
Cocoa	Macadamia nut	Saccharose	Yam
Coconut and derivatives	Mackerel	Salmon	Yogurt
Colours	Maize and derivatives	Salt	Yeast and derivatives
Coriander and derivatives	Maize oil	Scallops	Yeast extracts
Corn and Corn derivatives	Malt and derivatives	Seafood and derivatives	
Cottonseed and derivatives	Malt flavouring	Seeds and derivatives	
Cows milk	Malted cereal syrup	Semolina	
Crab	Maltodextrin	Sesame seed oil	
Crayfish		Sesame seeds and derivatives	
Cream
